

PowerMate®
BRINGS POSITIVE RESULTS !

Typical Customer Comments :

“ PowerMate® does everything you said it would.
Deliveries are done professionally. Anyone
delivering heavy products should have a PowerMate® ”

“ I deliver thousands of major appliances. I could not
operate without PowerMate® ”

“ We found a perfect match with your PowerMate®
Handtruck to take care of all our appliance handling
needs. It is used for inbound freight, prepping
appliances, warehouse moving and all deliveries. It
keeps our appliance handling very safe and most of all
efficient... I have customers very impressed with the
way it glides their newly purchased appliances in and
out of delivery vehicles, over stairs, and how gentle it
is on the appliance and their homes. Best of all, the
customer didn't have to help! They just watched in
awe. It has added great credibility to our business.”

SAVINGS ANALYSIS

ANALYSIS OF PROJECTED SAVINGS
THROUGH THE OPERATION OF A
PowerMate® Motorized Stairclimbing Handtruck
WHILE MOVING WASHERS, DRYERS, STOVES,
BIG SCREEN TELEVISIONS, ETC.

BASED ON AN AVERAGE 8 HOUR DAY:

CURRENT METHOD:

Cost of labor per month = 2 men x \$9.50/hr x 8 hours
= \$152.00 per day x 5 days
= \$760.00 per week x 4 weeks
= \$3040.00 per month

PowerMate® METHOD:

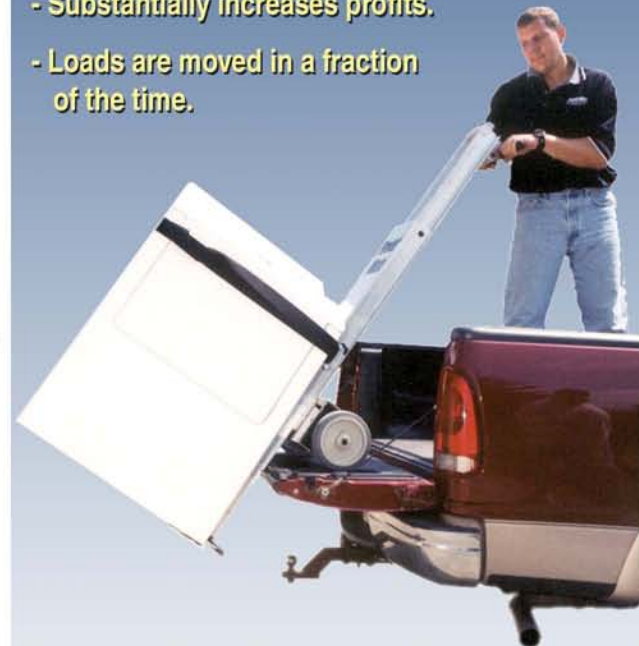

Cost of labor per month = 1 man + **PowerMate®** x 8 hours
= \$76.00 per day x 5 days
= \$380.00 per week x 4 weeks
= \$1520.00 per month

MONTHLY SAVINGS USING A PowerMate®
= \$1520.00

TOTAL ANNUAL SAVINGS
= \$ 18,240.00

ADDITIONAL BENEFITS:

- Ergonomically designed to reduce physical effort used to move heavy loads by 90%.
- Reduces the chance of personal injury and resulting costs due to compensation claims & lost time - a savings of over \$29,000 per year.
- Significantly lowers labor costs.
- Increases job efficiency and productivity.
- Factory authorized operator training available.
- Improves customer service satisfaction.
- Variable weight distribution ensures load is well balanced and easily controlled.
- Substantially increases profits.
- Loads are moved in a fraction of the time.
