

PowerMate®

Partners With Our Customers...

PowerMate's commitment to our customers is providing solutions to help grow their bottom line!

How we do this...

- ♦ Through a valued partnership - we work to assist you in realizing your specific business objectives.
- ♦ Solutions designed as a result of your industry requirements.
- ♦ By offering the "best in class" post sales support and service.
- ♦ Help you increase your bottom line and decrease your risks.
- ♦ International manufacturer for over 28 years.

Typical Customer Comments :

"I just wanted to let you know how much more efficient our delivery process is with the PowerMate® Pogo. Before we purchased your product, we worked much harder and risked injury using conventional hand trucks for our liquid oxygen deliveries. PowerMate® Pogo is a back saver and a time saver."

Giles Canter
Bryant Pharmacy & Supply

"Employees are enthusiastic about the potential of the PowerMate® to reduce their risk of injury. It's easy to imagine what a safety upgrade and morale booster the PowerMate® becomes by the twelfth or thirteenth delivery of the day!"

Neighbor Care

"I am pleased to report that we are getting very good service from our PowerMate® lifts. The ease and confidence they provide in hoisting heavy equipment up and down stairs is remarkable, and the added margin of safety they provide is immeasurable. Thank you for hooking us up with such a great product."
